The Battle of Exercise Tiger  
April 28, 1944*

As they walk the beautiful town square of downtown Mexico, Missouri, visitors are surprised to come upon a ship's anchor permanently mounted on display at the northwest corner of the grounds of the Audrain County Courthouse. This anchor is the foundation of the Exercise Tiger Army & Navy Anchor Memorial and serves as a reminder of the sacrifice that more than 200 Missourians, 8 from Audrain County, made during World War II as American soldiers and sailors prepared to help liberate France from the Germans.

“Freedom is a fragile thing and is never more than one generation away from extinction. **It is not ours by inheritance**; it must be fought for and defended constantly by each generation, for it comes only once to a people. *“Eternal vigilance is the price of liberty”  
— Thomas Jefferson*

The Exercise Tiger Association's recognition programs began with awarding three plaques to veterans of the WWII Battle of Tiger in 1989. Since then, more than 15 separate categories have been established to honor all veterans. The association provides special recognition to active members of our armed forces and to those that provide support for our veterans and our active troops. Since 1989 more than 800 awards have been presented to veterans, elected officials, students, military units, journalists and others. Each recipient must be nominated and must meet the criteria for the award for which they have been nominated.

## THE EXERCISE TIGER ASSOCIATION'S ADOPT A SERVICEMAN PROGRAM

The "Adopt A Serviceman" Program is an annual event for the state of Missouri. It began in 1999 as the "Adopt An Airman" program and honored 4 airmen and NCOs as well as the Company Grade Officer of the Quarter from the USAF's Air Combat Command's 509th Bomb Wing. The program was met with outstanding support from Columbia and surrounding mid-Missouri communities. In 2000, the program was expanded to honor ALL branches of military service. As long as there is a need for our armed forces to serve, there is a need to honor those who are routinely placed in harm's way. It is truly an honor to recognize the individual efforts of enlisted NCOs and the personnel of the United States Air Force, Army, Coast Guard, Navy and Marines. The Association began to recognize those who serve and protect us here at home by including police officers and firefighters in 2001. In times of conflict and during peace, our military, police and firefighters are always there serving. The Missouri chapter of the Exercise Tiger Association is proud to sponsor this program.

Welcome to the Northwoods.

## The Exercise Tiger Association National Commemorative Foundation

The New Jersey Exercise Tiger Association began in 1989 with two veterans of the battle, Bud

Carey, LST 507, and Tom Glynn, LST 289. The executive director, Walter Domanski, Jr., is the son of the late "Tiger" vet Walter "Guns" Domanski, Sr., LST 496, and a former U.S. Navy Midshipman from the University of Missouri's NROTC unit. In 1996, with the creation of the Missouri chapter, the New Jersey Exercise Tiger Association was renamed The Exercise Tiger Association, National Commemorative Foundation. Since 1995 the national association has grown to include over 300 members as well as select honorary members.

Ceremonies to commemorate Exercise Tiger have been conducted on the east coast and in the midwest; five at VFW Post 3729 on Long Beach Island, three at the Philadelphia Naval Base, one at the Lakehurst Naval Air Station, the 1997 Midwest ceremony at VFW Post 280 in Columbia, Missouri. In 1996 the nuclear submarine USS Nebraska, part of Sub Group 10 based in Kings Bay, Georgia, held the first ceremony by a US sub while underway. The 1998 tribute was hosted by the Navy ROTC and held at Crowder Hall on the University of Missouri campus and the USS Maine, also part of Sub Group 10, held the first tribute to "Tiger," with veterans of the battle, while at sea. In 1999 the Indiana Tiger Chapter held the first ceremony in Indiana at Indianapolis and a stretch

of US Highway 54 between I-70 and Mexico, Missouri was dedicated "The WWII Battle of Exercise Tiger Expressway". Construction was completed on the Missouri Exercise Tiger Army & Navy Anchor Memorial and dedication ceremonies were held in 2000 in Mexico, Missouri, at the Audrain County Courthouse. The memorial was the site of the national commemoration of the 60th anniversary of the Battle of Exercise Tiger on April 28, 2004.

Each year, the Barnegat Light [NJ] Coast Guard Station, has laid a wreath in the Atlantic Ocean to commemorate the Battle of Exercise Tiger. In 2006, through coordination between Barnegat Light and Bodega Bay Coast Guard Station [CA], memorial wreaths were laid simultaneously in the Atlantic and the Pacific Oceans.

The Exercise Tiger Association is recognized by the Department of Defense, Office of the Secretary of the Navy, Office of the Under Secretary of the Army for International Affairs, the US Coast Guard, the Governors of Missouri and New Jersey, by members of the Congress and Senate, and, in 1998, by the Office of the Joint Chiefs of Staff. It continues to promote and educate Americans about the historic battle of Exercise Tiger, advocates and conducts annual ceremonies in honor of the men and the memory of Exercise Tiger, and serves to advocate and lobby for all veterans of the United States. The Exercise Tiger Association, National Commemorative Foundation is a nonprofit organization, federal ID number 22-3273160.

## VIGILANCE PREVAILS...

**"No man is entitled to the blessings of freedom unless he be vigilant in its preservation."**

*- General Douglas MacArthur*

America was founded as a free society with certain rights guaranteed to us as citizens. These rights and freedoms have been earned, and defended, through the sacrifice and bravery of military men, as well as citizens, that believe in the spirit that defines the United States of America. Throughout our history, these rights and freedoms have been challenged, but through the vigilance of our military men and women, firefighters, policemen, and civilians we have been able to protect them. These courageous and selfless acts exemplify the spirit of "Tiger".

It is in the spirit of "Tiger" that we have come here this evening, to honor and remember true American heroes - our armed forces of today. These men and women are routinely placed in harm's way because they have chosen to protect and defend the rights and freedoms that we enjoy every day as American citizens and to place God and country above all else.

The events of this weekend are only one small way that we, as citizens, can let these vigilant guards of our God-given right to freedom know that we recognize all of the sacrifices that they, as well as their families, make for us each and every day. It was extremely difficult to select just a few of them honored here today. If possible, we would honor all of the members of our armed forces in this manner.

We also honor our elected officials, veterans, journalists, military units, community leaders, students and everyday citizens that support our military during times of peace and times of war. We also honor their support of the efforts of the Exercise Tiger Association, National Commemorative Foundation, as it strives to advocate for, and bring recognition to, all veterans of the United States.

To each of you here today, "Thank you" for your service to our country. As we honor these servicemen and women that are here with us today, we also remember those who are here with us in spirit; those who have served, or continue to serve, in both world wars, Korea, Vietnam, Panama, Grenada, the Gulf War, Afghanistan, Iraq and other places in this world where freedom and basic human rights are in jeopardy.

"Guns" was critical with a broken back and lacerations and made AP news as one of the first Navy casualties of D-Day. ## Colonel Donald E. Ballard Congressional Medal of Honor Recipient

Serving as a Navy Hospital Corpsman Second Class and assigned to the Marines, Co M., 3<sup>d</sup> Battalion, 4<sup>th</sup> Marines, 3<sup>d</sup> Marine Division, in Vietnam, HC2c. Ballard was moving with Co M to join the remainder of the 3<sup>d</sup> Btl in Quang Tri Province. After treating and evacuating 2 heat casualties, HC2c. Ballard was returning to his platoon from the evacuation landing zone when the company was ambushed by a North Vietnamese Army unit employing automatic weapons and mortars, and sustained numerous casualties.

Observing a wounded marine, HC2c. Ballard unhesitatingly moved across the fire-swept terrain to the injured man and swiftly

rendered medical assistance to his comrade. HC2c. Ballard then directed 4 marines to carry the casualty to a position of relative safety. As the 4 men prepared to move the wounded Marine, an enemy soldier suddenly left his concealed position and, after hurling a hand grenade which landed near the casualty, commended firing upon the small group of men. Instantly shouting a warning to the marines, HC2c. Ballard fearlessly threw himself upon the lethal explosive device to protect his comrades from the deadly blast. When the grenade failed to detonate, he calmly arose from his dangerous position and resolutely continued his determined efforts in treating other marine casualties.

HC2c. Ballard's heroic actions and selfless concern for the welfare of his companions served to inspire all who observed him and prevented possible injury or death to his fellow Marines. His courage, daring initiative, and unwavering devotion to duty in the face of extreme personal danger, sustain and enhance the finest traditions of the US Naval Service.

Ballard left the Navy in 1970 and was selected for Army officer candidate school. Ballard was called to the White House to receive the Medal of honor from President Richard M. Nixon, General Westmoreland, and Admiral Moore. Upon learning that Ballard was switching over to the Army, Westmoreland offered him a direct commission to be an active duty Army officer. However, for family reasons "Ballard turned the offer down but was persuaded to join the Kansas Army National Guard.

During his 30+ years in the Guard, Ballard has been an ambulance platoon leader, company commander and served in several key positions. "What kept me from retiring was the honor of being asked to start a new unit - Medial Detachment 5," said Ballard. He was the first person in the unit, and the executive officer. "Detachment 4 is the most cost-efficient organization I've ever seen in the Army," said Ballard. "It saves the Guard thousands of dollars by performing physicals for Guard members instead of contracting them out."

Born in December, 1945, Ballard has also served as a captain in the North Kansas City, Missouri fire department's emergency medical technician division and owned two funeral homes. He was inducted into the Kansas National Guard Hall of Fame, November 2001.

**The Battle of Exercise Tiger**

What began as a top secret naval operation, to prepare US Army and Naval forces for the June 6 D-Day invasion, would end with one of the highest losses ever suffered in combat by the US Army and Navy in WWII. At 0135 on the morning of April 28, 1944, eight Tank Landing Ships (LSTs) and their lone escort, the British corvette HMS AZALEA, were en route to the landing area. Slapton Sands was selected because its beach looked every bit like the beaches at Normandy that would be code named Utah and Omaha by the allies. The eight LSTs of LST Group 32 formed convoy T-4. They were the support group for elements of the 4th and 29th Infantry, 82nd Airborne and 188th Field Artillery Group already ashore at Slapton Sands. The LSTs were carrying the 1st Engineer Special Brigade, the 3206th Quartermaster Company from Missouri, the 3207th Company and 462nd combat truck support companies as well as other elements of the US Army's engineer, signal, medical and chemical corps, and some infantry. Miles south in the mouth of Lyme bay, lay the bulk of the Tiger naval force. This portion of the force was protected by the cruiser USS AUGUSTA and the new British "O" class destroyers HMS ONSLOW and HMS OBEDIENT, as well as the Tribal Class destroyer

HMS ASHANTI, and a covering force of motor torpedo boats. Anchored along with LSTs 55 and 382, they would be of no help to the ambushed LST force of T-4. Attacking in the pitch black night, 9 German Navy "E" boats (torpedo) struck quickly and decisively without warning. LST 507 was torpedoed first. Explosions and flames lit the night. At 0217 LST 531 was torpedoed; it sank in six minutes and 424 of the 496 soldiers and sailors on her died. It was on this ship that the state of Missouri lost some 201 of its boys of the 3206th. LST 289 tried to evade the fast German "E" boats but was hit in the stern. LSTs 496, 515, and 511 all began firing at their attackers. LST 289 joined in, returning fire while lowering landing craft to pull it out of harm's way. At 0225 LST 499 radioed for help. Minutes later the lead ship, LST 515, sent out an urgent and chilling message: " 'E' boat attack." Radio stations along the coast picked up the dramatic calls for help; unaware of the top secret operation underway, the calls go unanswered. Only after an alert radio operator heard the words "T-4" did the Naval Command realize that the calls were from "Tiger" and sent help. By 0240, the horror was slowly realized - two LSTs sunk, a third lay crippled. Of the 4,000 man force, nearly a quarter were missing or killed. Official Dept.

of Defense records confirmed 749 dead; 551 US Army and 198 US Navy. The death toll made "Tiger" the costliest battle to US forces at that point in the war, after Pearl Harbor. On April 28, 1944, the LSTs darkest, yet finest, hour occurred. For one hour, the men and ships of Convoy T-4 fought the greatest naval battle ever faced by an LST force in history. Against superior enemy warships, the Tiger amphibious force held its own. The German attack did not stop Exercise Tiger. Landing operations resumed later on the 28th. To the credit of the tenacity and determination of the soldiers and sailors involved in Exercise Tiger, the D-Day invasion at Normandy occurred as planned. The events surrounding Exercise Tiger were officially declassified in early August, 1944; two months after the Normandy Invasion. On April 28, 1996, Secretary of the Navy, John Dalton, stated in his remarks "Tiger. . . was the LSTs' finest hour."

This history was assembled by the NJ/MO Tiger Assoc. and based on Navy reports, DOD reports, and eye witness accounts.
