

Walking the beautiful town square of downtown Mexico, Missouri, visitors are surprised to come upon a ship's anchor permanently mounted on display at the northwest corner of the grounds of the Audrain County Courthouse. This anchor is the foundation of the Exercise Tiger Army & Navy Anchor Memorial and serves as a reminder of the sacrifice that more than 200 Missourians, 8 from Audrain County, made during World War II as American soldiers and sailors prepared to help liberate France from the Germans.

THE EXERCISE TIGER ASSOCIATION'S

ADOPTED SERVICEMEN & WOMEN PROGRAM

The "Adopt A Serviceman" Program is an annual event for the state of Missouri. It began in 1999 as the "Adopt An Airman" program and honored 4 airmen and NCOs as well as the Company Grade Officer of the Quarter from the USAF's Air Combat Command's 509th Bomb Wing. The program was met with outstanding support from Columbia and surrounding mid-Missouri communities. In 2000, the program was expanded to honor ALL branches of military service. As long as there is a need for our armed forces to serve, there is a need to honor those who are routinely placed in harm's way. It is truly an honor to recognize the individual efforts of enlisted NCOs and the personnel of the United States Air Force, Army, Coast Guard, Navy and Marines. The Association began to recognize those who serve and protect us here at home by including police officers and firefighters in 2001. In times of conflict and during peace, our military, police and firefighters are always there serving. The Missouri chapter of the Exercise Tiger Association is proud to sponsor this program.

We are a team. We share a common mission. We must build a common future. This concept captures the spirit of cooperation and brings individuals together from across the entire Armed Forces, whether active duty, Reserve, Guard, or civilian, joining efforts towards achieving a common objective. This spirit of cooperation, along with the courageous and selfless acts of our American military men and women exemplifies the spirit of "Tiger".

It is in the spirit of "Tiger" that we have come here this evening, to honor and remember true American heroes - our armed forces of today. These men and women are routinely placed in harm's way because they have chosen to protect and defend the rights and freedoms that we enjoy every day as American citizens and to place God and country above all else. The events of this weekend are only one small way that we, as citizens, can let these vigilant guards of our God-given right to freedom know that we recognize all of the sacrifices that they, as well as their families, make for us each and every day. It was extremely difficult to select just a few of them honored here today. If possible, we would honor all of the members of our armed forces in this manner.

We honor our elected officials, veterans, journalists, military units, community leaders, students and everyday citizens that support our military during times of peace and times of war. We also honor their support of the efforts of the Exercise Tiger Association, National Commemorative Foundation, as it strives to advocate for, and bring recognition to, all veterans of the United States.

To each of you here today, "**Thank you**" for your service to our country. As we honor these servicemen and women that are here with us today, we also remember those who are here with us in spirit; those who have served, or continue to serve, in both world wars, Korea, Vietnam, Panama, Grenada, the Gulf War, Afghanistan, Iraq and other places in this world where freedom and basic human rights are in jeopardy.

"Guns" was critical with a broken back and lacerations and made AP news as one of the first Navy casualties of D-Day. THE BATTLE OF EXERCISE TIGER

What began as a top secret naval operation, to prepare US Army and Naval forces for the June 6 D-Day invasion, would end with one of the highest losses ever suffered in combat by the US Army and Navy in WWII.

At 0135 on the morning of April 28, 1944, eight Tank Landing Ships (LSTs) and their lone escort, the British corvette HMS AZALEA, were en route to the landing area. Slapton Sands was selected because its beach looked every bit like the beaches at Normandy that would be code named Utah and Omaha by the allies.

The eight LSTs of LST Group 32 formed convoy T-4. They were the support group for elements of the 4th and 29th Infantry, 82nd Airborne and 188th Field Artillery Group already ashore at Slapton Sands.

The LSTs were carrying the 1st Engineer Special Brigade, the 3206th Quartermaster Company from Missouri, the 3207th Company and 462nd combat truck support companies as well as other elements of the US Army's engineer, signal, medical and chemical corps, and some infantry.

Miles south in the mouth of Lyme bay, lay the bulk of the Tiger naval force. This portion of the force was protected by the cruiser USS AUGUSTA and the new British "O" class destroyers HMS ONSLOW and HMS OBE-DIENT, as well as the Tribal Class destroyer HMS ASHANTI, and a covering force

of motor torpedo boats. Anchored along with LSTs 55 and 382, they would be of no help to the ambushed LST force of T-4.

Attacking in the pitch black night, 9 German Navy "E" boats (torpedo) struck quickly and decisively without warning. LST 507 was torpedoed first. Explosions and flames lit the night. At 0217 LST 531 was torpedoed; it sank in six minutes and 424 of the 496 soldiers and sailors on her died. It was on this ship that the state of Missouri lost some 201 of its boys of the 3206th.

LST 289 tried to evade the fast German "E" boats but was hit in the stern. LSTs 496, 515, and 511 all began firing at their attackers. LST 289 joined in, returning fire while lowering landing craft to pull it out of harm's way.

At 0225 LST 499 radioed for help. Minutes later the lead ship, LST 515, sent out an urgent and chilling message: " 'E' boat attack." Radio stations along the coast picked up the dramatic calls for help; unaware of the top secret operation underway, the calls go unanswered. Only after an alert radio operator heard the words "T-4" did the Naval Command realize that the calls were from "Tiger" and sent help.

By 0240, the horror was slowly realized - two LSTs sunk, a third lay crippled. Of the 4,000 man force, nearly a quarter were missing or killed. Official Dept. of Defense records

confirmed 749 dead; 551 US Army and 198 US Navy. The death toll made "Tiger" the costliest battle to US forces at that point in the war, after Pearl Harbor.

On April 28, 1944, the LSTs darkest, yet finest, hour occurred. For one hour, the men and ships of Convoy T-4 fought the greatest naval battle ever faced by an LST force in history. Against superior enemy warships, the Tiger amphibious force held its own.

The German attack did not stop Exercise Tiger. Landing operations resumed later on the 28th. To the credit of the tenacity and determination of the soldiers and sailors involved in Exercise Tiger, the D-Day invasion at Normandy occurred as planned.

The events surrounding Exercise Tiger were officially declassified in early August, 1944; two months after the Normandy Invasion. On April 28, 1996, Secretary of the Navy, John Dalton, stated in his remarks "Tiger. . . was the LSTs' finest hour."

This history was assembled by the NJ/MO Tiger Assoc. and based on Navy reports, DOD reports, and eye witness accounts.

Our Program Theme.....

A TIME TO REMEMBER ALL OUR LOVED ONES

This evening's program is especially dedicated to all military who've fought for our nation's freedom throughout this country's history. Many remain as memories, as do those who lost their lives due the 9-11 fiasco that struck our nation 8 years ago today.

Former President Ronald Reagan sums it up quite eloquently when he said. "Freedom is never more than one generation away from extinction. We didn't pass it on to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free."

2009 marks the twentieth anniversary for the Exercise Tiger Association, and as the next generation, we want to express our sincere gratitude to all who have supported us. We especially remember John Toth, Florence Domanski, Mrs. Eisenbeis, and Jack Calegari, parents and loved ones of our Exercise Tiger Association officers who've all passed this last year and half.

And General Douglas MacArthur reminds us, "No man is entitled to the blessings of freedom unless he be vigilant in its preservation." All of our loved ones mentioned above are of the WWII era.

Toth Memorial Scholarship is in memory of the four Toth Brothers who served during WWII, Joseph, Julius, Lewis and Alex. Alex participated in the Battle of Exercise Tiger, practiced for the D-Day invasion on Slapton Sands, England, and landed on Utah Beach in Normandy. He served in battles/campaigns of Normandy, France; Rhineland, Central Europe and Aredenes. He was awarded five Bronze Stars for these campaigns.
